HFS 1330-65	20						

HOSE FLEXIBLE SHAFT

The Quality and long life Flexible Drive dry application.

Specifications.

- >Rubber casing heat and oil resistant.
- >Wire steel Reinforcement.
- >Coil steel in Flexible Casing for Flexible Shaft protection.
- >Flexible shaft is double wound in opposing layers made out of high tensile-spring steel wires, made to absolute-vibration

Flexible Drive Protect By Safety Intelligence License

WIRE BRUSH For Fire Tube Boiler

*"DS" for removing light scale
and burnishing all types of tube*

*"TH" for soot removal
from smoke tube, general cleaning*

*"H" TYPE for
Cleaning straight and curved tube*

*"YT" TYPE for fully blocked tube
of deposit. Use with H-Type*
